

LWC 10/100 MM SC

Fast Ethernet Media Converter 100Base-FX Multimode, SC, 550m

Features

- Lightwin Fast Ethernet multimode converter
- Long-life light source
- External power supply included
- Compatible with Lightwin chassis
- Transmission: Multimode
- Data rate: 100 Mb/s
- Wavelength: 1310 nm
- Distance: 550 m
- Connections: 1x Duplex SC, 1x RJ45
- Mode: Dual Fiber

Description

Lightwin high-quality multimode media converters offer important advantages compared with alternative no-name converters. All Lightwin converters support 10/100Base-T auto-negotiation and Auto-MDI/MDI-X. Lightwin converters provide a significantly longer service life thanks to the specially selected light source. All Lightwin converters are supplied with an external power supply and can be used with the optional Lightwin chassis.
