

LWC CHASSIS 14

14 Slot 19" Media Converter Chassis for Lightwin Converters

Features

- High-quality installation in a 19" rack-mount chassis
- Supports up to 14 modular media converters
- Two fans provide airflow for system cooling, with LED indicators for system and fan status
- Bay power isolation ensures that each bay is electrically isolated from the others
- Supports multiple converters – 10/100/1000 Mbit/s, copper, fiber, single/multimode (all Lightwin® LWC media converters)
- Reduces maintenance and converter management effort; diagnose status at a glance
- Cost-effective, easy installation

Description

Lightwin chassis provide a professional alternative to multiple standalone converters in a 19" cabinet. With the redundant power supply and 2 fans per chassis, this product provides a fail-safe solution.
